

From London to Popular Places - Find out where we can take you!

Heathrow Airport (LHR) connects London to most visited places in the world. Every day, hundreds of flights leave London heading toward cities that draw millions of visitors each year. In 2018 North America welcomed more travelers than any other region and the number of tourists grew strongly from 2008 to 2018. Heathrow operates 238 daily flights to 34 destinations across this region.

Every blue line on this map represents a nonstop flight showing how close London is to the world's top travel experiences.
